Message from the Founder-Director : Ekta Kotak

- Ekta care home started with a humble beginning, a dream, a purpose, and a desire that came from the depths of my heart since my childhood. I had a calling towards caring for the elderly specially abled people and mentally challenged people.
- Leaving my rich and rewarding 14 year career from well-known corporate, I decided to follow my inner calling planned to start working on my dream to create a home like care centre for the senior or the ones in need of assisted living.
- My mission and vision is simple and clear providing an affordable home like professional care service for the assisted living.
- Why affordable? because as a middle class person having a brother and aunt with special needs I have seen the struggle closely. I'm driven by my inner calling and not by money because I get peace from caring for the members at my center.
- So from a small beginning in 2019 with one unit with 4 beds we are now having a facility of four units and 24 beds.
- Our next big step is a 50 beds facility in Kelanpur, Vadodara.

Internship

**MAKE DONATION
FOR A GOOD CAUSE**

**INCOME TAX
DEDUCTION UNDER
80G**

We are a **80G** certified organization. This certification allows us to accept donations officially. There is no amount threshold for it. Small large all kinds of donations can be accepted. You can donate on special occasions like birthday or anniversary for your dear ones as a part of making the day special and donate for a good cause.

The benefits of this donation is you can get full tax exemption, this is 100% legitimate money and you will get receipt for the donated amount. You can avail **50% tax benefit against the charity.**

We will use this money only for the welfare of the members providing them better facilities at affordable rates and in the development of the care home.
